

Hillborough County Public Schools

Wilson Middle School

2017-18 School Improvement Plan

Wilson Middle School

1005 W SWANN AVE, Tampa, FL 33606

[no web address on file]

School Demographics

School Type and Grades Served (per MSID File)	2016-17 Title I School	2016-17 Economically Disadvantaged (FRL) Rate (As Reported on Survey 3)
Middle School 6-8	No	23%
Primary Service Type (per MSID File)	Charter School	2016-17 Minority Rate (Reported as Non-white on Survey 2)
K-12 General Education	No	36%

School Grades History

Year	2016-17	2015-16	2014-15	2013-14
Grade	A	A	A*	A

**Informational Baseline School Grade*

Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Hillsborough County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Table of Contents

Purpose and Outline of the SIP	4
Differentiated Accountability	5
Current School Status	6
Supportive Environment	6
Family and Community Engagement	10
Effective Leadership	11
Public and Collaborative Teaching	18
Ambitious Instruction and Learning	19
8-Step Planning and Problem Solving Implementation	27
Goals Summary	27
Goals Detail	27
Action Plan for Improvement	29
Appendix 1: Implementation Timeline	37
Appendix 2: Professional Development and Technical Assistance Outlines	39
Professional Development Opportunities	39
Technical Assistance Items	40
Appendix 3: Budget to Support Goals	40

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

2017-18 DA Category and Statuses for Wilson Middle School

DA Region and RED	DA Category and Turnaround Status
Southwest - Julio Valle	Not In DA - N/A

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement

b. Provide the school's vision statement

Bulldogs will persevere to become compassionate citizens and successful life-long learners!

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

Our school develops relationships with students even before they enter Wilson for 6th grade. We begin with parent informational session in November of the 5th grade year prior to students starting middle school. This gives parents learning opportunities about middle school. Through articulation in January with our feeder schools, we communicate the importance of academics as well as creating a positive learning environment by celebrating differences in cultures and values. Students from our feeder schools tour Wilson in the spring and are invited to our Bulldog Bootcamp each August. The Bootcamp is held before school starts and introduces incoming 6th graders to the culture and traditions at Wilson. We also invite parents to informational meetings like parent nights and get-to-know-you coffee meetings. Students at Wilson also receive positive postcards mailed to their home.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school

The culture at Wilson is established with 6th grade students and the traditions follow them until they leave the school. In order to promote an environment of safety and respect, our school encourages students to be a part of the solution. The Students Against Destructive Decisions (SADD) organization is made up of students who want to uphold the positive environment established at Wilson. We also support the anti-bullying policy recognized by the county. Administrators and guidance counselors are at each lunch every day to see and be seen. Students have the daily opportunity to discuss issues in an informal setting. We strongly believe that the connections and the relationships that we build with students supports students feeling safe and respected.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

During the summer of 2015, the Wilson staff began the training to implement the CHAMPS approach in working with our students throughout the school day. By providing consistency in language and expectations, we are setting our students up for academic and behavioral success. Negative behavior is minimized and instructional time is optimized through the use of classroom and school-wide procedures. These include: conduct cuts in the classroom, yellow cards for negative behavior in the hallway, positive referrals to guidance counselors, an active school social worker, a school-wide behavioral system, sessions to introduce teachers new to Wilson to policies, and weekly team meetings where student concerns are discussed.

Students have the responsibility to be in class on time. Students must attend class, and be on time, in order to receive the maximum benefit from instruction. Tardies will be considered an incident only

after four or more have accrued within a grading period. HCPS policies dictate that consequences for tardies include only non-suspension consequences.

All teachers will stand at their doors in between each class change to ensure that students are moving to class and on time within the allotted passing period. Administrators and SRO will be present and circulating the halls to ensure timeliness to class by each student. Students who incur more than 4 tardies to class within a 9 week period will be referred to the PSLT committee to begin interventions.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

- Given that one of the main tasks of the Leadership Team/PSLT is to monitor student data related to instruction and interventions, the Leadership Team/PLST monitors the effectiveness of instruction and intervention by reviewing student data as well as data related to implementation fidelity (teacher walk-through data).
- The Leadership Team/PSLT communicates with and supports the PLCs in implementing the proposed strategies by distributing Leadership Team members across the PLCs to facilitate planning and implementation. Once strategies are put in place, the Leadership Team members who are part of the PLCs regularly report on their efforts and student outcomes to the larger Leadership Team/PSLT.
- The Leadership Team/PSLT and PLCs both use the problem solving process (Problem Identification, Problem Analysis, Intervention Design and Implementation and Evaluation to:
 - o Use the problem-solving model when analyzing data:
 1. What is the problem? (Problem Identification)
 2. Why is it occurring? (Problem Analysis and Barrier Identification)
 3. What are we going to do about it? (Action Plan Design and Implementation)
 4. Is it working? (Monitor Progress and Evaluate Action Plan Effectiveness)
 - o Identify the problem (based on an analysis of the data disaggregated via data sorts) in multiple areas – curriculum content, behavior, and attendance
 - o Develop and test hypotheses about why student/school problems are occurring (changeable barriers).
 - o Develop and target interventions based on confirmed hypotheses. Interventions may include academic interventions as well as counseling, mentoring, and other pupil services.
 - o Identify appropriate progress monitoring assessments/data collection tools to be administered at regular intervals matched to the intensity of the level of instructional/behavioral/intervention support provided.
 - o Develop grading period or units of instruction//intervention goals that are ambitious, time-bound, and measureable (e.g., SMART goals).
 - o Review progress monitoring data at regular intervals to determine when student(s) need more or less support (e.g., frequency, duration, intensity) to meet established class, grade, behavior, and/or school goals (e.g., use of data-based decision-making to fade, maintain, modify or intensify intervention and/or enrichment support).
 - o Each PLC develops PLC action plan for SIP strategy implementation and monitoring.
 - o Assess the implementation of the strategies on the SIP using the following questions:
 1. Does the data show implementation of strategies are resulting in positive student growth?
 2. To what extent are we making progress toward the school's SIP goals?
 3. If we are making progress, what can we do to sustain what is working?
 4. What barriers to implementation are we facing and how will we address them?
 5. What should we do next? What should be our plan of action?

3. Early Warning Systems

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(7)(A)(i) and (b)(7)(A)(iii)(III).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system

Early warning indicators include:

Attendance (5 or more absences of any type per grading period)

One or more suspension (in or out of school)

Excessive tardies (5 or more per grading period)

ELA/Math course failure

Level 1 FCAT score

Early warning system data can come from the following sources:

****Core Curriculum (Tier 1) - Information format: DATA SOURCE: Database Management Systems: Person Responsible/Group Responsible.**

FCAT RELEASED TESTS: School generated excel database; Reading Coach/Math Coach/AP.

BASELINE & YEAR DISTRICT ASSESSMENTS: Scantron Achievement Series; Leadership Team/PLCs/Individual teachers.

DISTRICT GENERATED ASSESSMENTS FROM THE OFFICE OF ASSESSMENT AND ACCOUNTABILITY (NAME THE ASSESSMENTS): Scantron Achievement Series; Data Wall, Dashboard; Leadership Team/PLCs/Individual teachers.

SUBJECT-SPECIFIC ASSESSMENTS GENERATED BY DISTRICT-LEVEL SUBJECT SUPERVISORS IN READING, LANGUAGE ARTS, MATH, WRITING, & SCIENCE (NAME THE ASSESSMENTS): Scantron Achievement Series, Data Wall, PLC Logs; Leadership Team/PLCs/Individual teachers.

FAIR: Progress Monitoring and Reporting Network (PMRN), IPT, Data Wall; Reading Coach/Reading Resource Teacher/Reading PLC Facilitator.

CELLA: Sagebrush (IPT); ELL/PSLT Representative.

TEACHERS' COMMON ASSESSMENTS ON UNITS OF INSTRUCTION/BIG IDEAS: PLC Database, PLC Logs; Individual teachers/Team Leaders/PLC Facilitators/Leadership Team Member.

DRA-2: School generated excel database; Individual teacher.

****Supplemental/Intensive Instruction (Tiers 2 and 3) - Information format: DATA SOURCE: Database: Person Responsible/Group Responsible.**

ASSESSMENTS DATA COLLECTED FROM EXTENDED LEARNING PROGRAMS: School generated excel database; Leadership Team/ELP Facilitator.

FAIR OPM: School generated excel database; Leadership Team/Reading Coach.

ONGOING ASSESSMENTS WITHIN INTENSIVE COURSES (Middle/High): Database provided by course materials (for courses that have one, e.g., Read 180), School generated excel database; Coaches.

CURRICULUM BASED MEASUREMENTS: easyCBM Reports; Leadership Team/PLCs, Individual Teachers, Reading Coaches.

RESEARCH-BASED COMPUTER-ASSISTED INSTRUCTIONAL PROGRAMS (e.g., iStation): Assessments included in computer-based programs; PLCs/Individual teachers/Reading coaches.

**Engagement - Information format: DATA SOURCE: Database: Person Responsible/Group Responsible.

ATTENDANCE DATA (Absenteeism, Chronic Absenteeism, Truancy): District Databases: Reports on Demand, IPT, EASI; Attendance Clerk/Attendance Committee/PSLT/PLCs.

DISCIPLINE DATA (Out-of-school suspensions, in-school suspensions, ATOSS, Discipline Referrals): District Databases: Reports on Demand, IPT, EASI; PSLT/PLCs/Behavior Intervention Committee/PBS Team.

DROPOUT PREVENTION DATA (Withdrawal codes, academic outcomes, attendance, discipline data): District databases: Reports on Demand, IPT, EASI, Dashboard, Site generated early warning systems; PSLT/Dropout Prevention Specialist/PLCs/Guidance Counselors/Dropout Prevention Committee.

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level												Total	
	K	1	2	3	4	5	6	7	8	9	10	11		12
Attendance below 90 percent	0	0	0	0	0	0	7	15	15	0	0	0	0	37
One or more suspensions	0	0	0	0	0	0	0	10	16	0	0	0	0	26
Course failure in ELA or Math	0	0	0	0	0	0	0	4	1	0	0	0	0	5
Level 1 on statewide assessment	0	0	0	0	0	0	13	27	23	0	0	0	0	63

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level												Total	
	K	1	2	3	4	5	6	7	8	9	10	11		12
Students exhibiting two or more indicators	0	0	0	0	0	0	0	7	5	0	0	0	0	12

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

The purpose of the core Leadership Team is to:

1. Review school-wide assessment data on an ongoing basis in order to identify instructional needs at all grade levels.
2. Support the implementation of high quality instructional practices at the core and intervention/enrichment (Tiers 2/3) levels.
3. Review ongoing progress monitoring data at the core to ensure fidelity of instruction and attainment of SIP goal(s) in curricular, behavioral, and attendance domains.
4. Communicate school-wide data to PLCs and facilitate problem solving within the content/grade level teams.

- The Leadership team meets regularly (e.g., bi-weekly/monthly). Specific responsibilities include:
- Oversee the multi-layered model of instructional delivery (Tier 1/Core, Tier 2/Supplemental and Tier 3/Intensive)
 - Create, manage and update the school resource map
 - Ensure the master schedule incorporates allocated time for intervention support at all grade levels.
 - Determine scheduling needs, and assist teacher teams in identifying research-based instructional materials and intervention resources at Tiers 2/3
 - Facilitate the implementation of specific programs (e.g., Extended Learning Programs during and after school; Saturday Academies) that provide intervention support to students identified through data sorts/chats conducted by the PLCs.
 - Determine the school-wide professional development needs of faculty and staff and arrange trainings aligned with the SIP goals
 - Organize and support systematic data collection (e.g., district and state assessments; during-the-grading period school assessments/checks for understanding; in-school surveys)
 - Assist and monitor teacher use of SMART goals per unit of instruction. (data will be collected and analyzed by PLCs and reported to the Leadership Team/PSLT)
 - Strengthen the Tier 1 (core curriculum) instruction through the:
 - o Implementation and support of PLCs
 - o Review of teacher/PLC core curriculum assessments/chapters tests/checks for understanding (data will be collected and analyzed by PLCs and reported to the Leadership Team/PSLT)
 - o Use of Common Core Assessments by teachers teaching the same grade/subject area/course (data will be collected and analyzed by PLCs and reported to the Leadership Team/PSLT)
 - o Implementation of research-based scientifically validated instructional strategies and/or interventions. (as outlined in our SIP)
 - o Communication with major stakeholders (e.g., parents, business partners, etc.) regarding student outcomes through data summaries and conferences.
 - On a monthly basis, assist in the evaluation of teacher fidelity data and student achievement data collected during the month.
 - Support the planning, implementing, and evaluating the outcomes of supplemental and intensive interventions in conjunction with PLCs and Specialty PSLT.
 - Work collaboratively with the PLCs in the implementation of the C-CIM (Core Continuous Improvement Model) on core curriculum material.
 - Coordinate/collaborate/integrate with other working committees, such as the Literacy Leadership Team (which is charged with developing a plan for embedding/integrating reading and writing strategies across all other content areas).

B. Family and Community Engagement

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(2) and (b)(7)(A)(iii)(I).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

a. Will the school use its Title I Parent and Family Engagement Policy (PFEP) to satisfy this question?

No

1. PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

2. Description

Woodrow Wilson Middle School builds relationships with parents in a variety of ways. In the Fall we host "Coffee with the Principal" sessions for individual grade levels to focus on specific expectations and needs of each group. We host conference nights two times a year and send home interim reports to keep parents informed of their child's progress. Additionally, our school utilizes the school district online grade service, EDSBY, which allow parents to keep up to date on student performance. Our school newsletter, The Bulldog Bark, is published every two weeks and sent electronically and in paper copy to our families. This newsletter focuses on education and activity news of the school.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

One of the school's main business partners is the Woodrow Wilson Foundation. There are eleven members of the Board of Directors, made up of parents from our school. These Directors have direct ties to local businesses/organizations which can be called upon to support students. Our school is a member of the local homeowner's association and also the local Chamber of Commerce.

C. Effective Leadership

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Faucett, Colleen	Principal
Nadicksbernd, Andrea	Teacher, K-12
Slaughter, Thomas	Teacher, K-12
DuBose, Erin	Guidance Counselor
Fox, Tim	Teacher, K-12
Frost, Stephanie	Teacher, K-12
Thompson, Jenifer	Instructional Coach
Werb, Heather	Teacher, K-12
Sanchez, Michelle	Teacher, K-12
Ferrebee, Richard	Teacher, K-12
Glicksteen, Sarah	Guidance Counselor
Moore, Malcolm	Teacher, K-12
Knight, Dreeneen	Assistant Principal
Fantauzzo, Keith	Assistant Principal
	Teacher, K-12

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

The leadership team includes:

- Principal
- Assistant Principal for Curriculum

- Assistant Principal for Administration
- Guidance Counselor
- School Psychologist
- School Social Worker
- Academic Coaches (Reading, Math, etc. and other specialists on an ad hoc basis),
- ESE teacher
- Subject Area Leaders (Middle)
- Team Leaders (Middle)
- Department Heads (High)
- SAC Chair
- ELP Coordinator
- ELL Representative
- Attendance Committee Representative
- Behavior Team Representative or Behavior Specialist/Coach

(Note that not all members attend every meeting, but are invited based on the goals and purpose for the meeting)

PSLT Coordinator—Principal/Assistant Principal: Coordinate and oversee the decision making process to ensure integrity and consistency of the PS/RtI implementation at the building level. The principal should attend PSLT meetings at the Tier 1 level, provide specific procedures for resource allocation, and monitor the fidelity of instruction/intervention at the school-wide and classroom levels (Tier 1)

PSLT Meeting Facilitator— e.g., School Psychologist, Reading Coach, School Social Worker, Guidance Counselor, ESE Specialist, and/or Intervention Specialist: The facilitator opens the meeting with a brief description of what the team expects to accomplish during the meeting. The facilitator is to establish and maintain a supportive atmosphere throughout the meeting by encouraging participation from team members, clarifying and summarizing information communicated during the meeting, design specific procedures for ongoing communication between school staff and PSLT, and assist with monitoring the fidelity of intervention implementation across each tier.

PSLT Content Specialist— e.g., Administrator, Reading Coach, Math Coach, Writing Coach, ESE Specialist, and/or Behavior Specialist: Ensures that when new content curricular materials are obtained, implementers are adequately trained to use the materials, check fidelity of use of curricular materials and strategies, determine what elements need to be included in an effective core instructional program and assist the team in identifying which instructional strategies are most effective to address areas of concerns. The Content Specialist may also assist with monitoring the fidelity of instruction and intervention implementation across each tier.

PSLT Data Consultant— e.g., Assistant Principal, Reading Coach, Math Coach, Science Coach, Academic Intervention Specialist, Behavior Specialist, Technology Support Personnel, School Psychologist, School Social Worker, ESE Specialist, and/ or Guidance Counselor: Prior to the meeting, the Data Consultant assists team members with collecting, organizing, analyzing, graphing and interpreting data. The data should be presented in easily understandable visual displays to guide the decision making process.

PSLT Timekeeper—Ensures that meeting times are respected and helps the team stay focused on the respective agenda. Because many decisions need to be made during the meeting, the timekeeper should redirect the team's discussion when necessary. The timekeeper should know who are working on specific projects and set timelines for completion/implementation as well as monitor the fidelity across each tier.

PSLT Recorder—Records the plans of the team, including meeting minutes/notes. This person will capture all important information, especially related to instruction/ intervention specifics, progress monitoring, data analysis, and future meeting dates. The recorder may need to ask for clarification several times during the meeting to ensure that enough detail is recorded so that a person who did not attend the meeting would be able to clearly understand the nature and implementation of the instructional/intervention plan

The Leadership Team/PSLT communicates with and supports the PLCs in implementing strategies by distributing Leadership Team members across the PLCs to facilitate planning and implementation. Once strategies are put in place, the Leadership Team members who are part of the PLCs regularly report on their efforts and student outcomes to the larger Leadership Team/PSLT.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

• In an effort to engage in a systematic data-based problem solving process, the school's Leadership Team/PSLT and PLCs use the problem solving process (Problem Identification, Problem Analysis, Intervention Design and Implementation and Evaluation to engage in data-driven decision making for core instruction. The process is outlined below:

o Analyze student outcomes and make data-driven decisions:

1. What is the problem? (Problem Identification)
2. Why is it occurring? (Problem Analysis and Barrier Identification)
3. What are we going to do about it? (Action Plan Design and Implementation)
4. Is it working? (Monitor Progress and Evaluate Action Plan Effectiveness)

o Identify the problem (based on an analysis of the data disaggregated via data sorts) in multiple areas – curriculum content, behavior, and attendance

o Develop and test hypotheses about why student/school problems are occurring (identify root causes and barriers to success).

o Develop and target interventions based on confirmed hypotheses.

o Identify appropriate progress monitoring assessments to be administered at regular intervals matched to the intensity of the level of instructional/intervention support provided.

o Develop grading period or units of instruction//intervention goals that are ambitious, time-bound, and measurable (e.g., SMART goals).

o Review progress monitoring data at regular intervals to determine when student(s) need more or less support (e.g., frequency, duration, intensity) to meet established class, grade, and/or school goals (e.g., use of data-based decision-making to fade, maintain, modify or intensify intervention, remediation and/or enrichment support).

o Each PLC develops PLC action plan for SIP strategy implementation and monitoring.

o Assess the implementation of the strategies on the SIP using the following questions:

1. Does the data show implementation of strategies are resulting in positive student growth?
2. To what extent are we making progress toward the school's SIP goals?
3. If we are making progress, what can we do to sustain what is working?
4. What barriers to implementation are we facing and how will we address them?
5. What should we do next? What should be our plan of action?

At the end and beginning of each year, schools take an inventory of resource materials, staff and allocation of funds for their building to determine the necessary resource materials and personnel available to meet the needs of their students. The leadership team/PSLT develops a resource map to identify gaps in resources and to ensure resources are available and allocated across the building for use by all grade levels and teachers.

To ensure teacher support systems and small group and individual needs are met, the Problem Solving Leadership Team (PSLT):

1. Review school-wide assessment data on an ongoing basis in order to identify instructional needs across the school and all grade levels.
2. Support the implementation of high quality instructional practices during core and intervention

blocks.

3. Review progress monitoring data at the core to ensure fidelity of instruction and attainment of SIP goal(s) in curricular, behavioral, and attendance domains.

4. Communicate school-wide data to PLCs and facilitate problem solving within the content/grade level teams.

The PSLT meets regularly (e.g., bi-weekly/monthly) The PSLT meeting calendar is structured around the district's assessment calendar to ensure there are opportunities to review assessment outcome data and engage in the problem solving process for appropriate data-driven decisions. The members on the team include administrator(s), guidance counselor(s), school psychologist, ESE specialist, content area coaches/specialists, PLC liaisons, and other school personnel as needed.

To build capacity multi-tiered system of instructional delivery (Tier 1/Core, Tier 2/Supplemental and Tier 3/Intensive), the PSLT:

- Supports school teams with creating, managing and updating the school's resource maps for academic and non-academic areas.
- Ensures the master schedule incorporates allocated time for intervention support at all grade levels and assist teacher teams in identifying evidence-based strategies and materials for intervention delivery.
- Coordinates data sorts at the beginning of each year to identify students in need of enrichment, remediation and intervention support at each tier.
- Facilitates the implementation of specific programs (e.g., Extended Learning Programs during and after school; Saturday Academies) that provide support to students in need of remediation of core skills.
- Determines the school-wide professional development needs of faculty and staff and arrange trainings aligned with the SIP goals.
- Organizes and support systematic data collection (e.g., universal screenings, formative, ongoing progress monitoring and summative data).
- Assists and monitor teacher use of SMART goals for core instruction and intervention groups. (data will be collected and analyzed by PLCs and reported to the PSLT)
- Strengthen Tier 1 core instruction by:
 - o Implementing evidence-based instructional strategies and/or interventions. (as outlined in the SIP)
 - o Supporting PLCs with planning and delivering rigorous core instruction.
 - o Ensuring opportunities for common assessments are provided across each grade level.
 - o Reviewing common assessment data to monitor students Response to Core Instruction.
 - o Monitoring the fidelity of instructional practices.

Title I, Part A

Services are provided to ensure students who need additional remediation are provided support through: after-school, Saturday School and summer programs, quality teachers through professional development, content resource teachers, and mentors.

Title I, Part C- Migrant

The migrant advocate provides services and support to students and parents. The advocate works with teachers and other programs to ensure that the migrant students' needs are being met.

Title I, Part D

The district receives funds to support the Alternative Education Program which provides transition services from alternative education to school of choice

Title II

The district receives funds for staff development to increase student achievement through teacher

training. In addition, the funds are utilized in the Salary Differential Program at Renaissance Schools.

Title III

Services are provided through the district for educational materials and ELL district supported services to improve the education of immigrant and English Language Learners

Title X- Homeless

Supplemental Academic Instruction (SAI)

SAI funds will be coordinated with the Title I funds to provide summer school, reading coaches, and extended learning opportunity programs.

Violence Prevention Programs

NA

Nutrition Programs

NA

Housing Programs

NA

Headstart

We utilize information from students in Head Start to transition into Kindergarten.

Adult Education

NA

Career and Technical Education

The career and technical support is specific to each school site in which funds can be utilized, in a specific program, within Title I regulations.

Job Training

Job training support is specific to each school site in which funds can be utilized, in a specific program, within Title I regulations.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Colleen Faucett	Principal
Jean Adams	Teacher
Antonio Young	Teacher
Haylei Dowell	Teacher
Michelle Bolton	Parent
Brian Wade	Parent
Sarah Hill	Student
Brianna Allen-Quin	Student
Alison Meyer	Parent

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(2).

a. Evaluation of last year's school improvement plan

In partnership with the School Leadership Team, the SAC will analyze and assess all pertinent school data that affects student achievement, and evaluate progress towards meeting the prior year's school improvement goal(s). That analysis will then guide the development of this year's SIP.

b. Development of this school improvement plan

In partnership with the School Leadership Team, the SAC will analyze and assess all pertinent school data that affects student achievement, evaluate progress towards meeting the prior year's school improvement goal(s), develop the school improvement plan, vote on the school improvement plan, monitor the school improvement plan, review the school improvement plan as needed, plan and carry out activities that support the school improvement plan, develop a SAC budget to support the school improvement plan goals, monitor the spending of the SAC budget, and make adjustments to the budget as needed.

The SAC committee will be involved in the generation of the Standard and Non-Standard Waiver approvals and the SAC composition form. In addition members of the SAC will construct in collaboration with the School- Based Leadership Team (SBLT), the SAC budget. The SAC committee will be involved in the adoption of the SIP and in mid-year reflection and report. The SAC committee will be involved in overseeing professional development to aid faculty and staff in maintaining fidelity with maintaining SIP goal.

All the steps that are part of the school improvement plan reflect and relate to the areas of curriculum, instruction, assessment and behavior. Input, with time for reflection, was sought from staff and SAC committee to do the analyses of these areas. Using data and all components of the school improvement plan, the goals of the SAC committee will be directly tied to student achievement progress.

c. Preparation of the school's annual budget and plan

SAC submits a budget within the SIP to support strategy implementation and/or professional development.

In the event that the state does not allocate SAC funds to schools, the district may elect to allocate district dollars to schools to support SIP goals. If and when they become available, schools will be notified of the allocation by the Business Division. An initial allocation of 90% is based on the average un-weighted FTE from the prior year. The second allocation is based on the current year's average un-weighted FTE minus the amount initially allocated. The second allocation usually falls in the month of March. Schools are notified by the Business Division when the first and second allocations have been completed.

The law encourages each local SAC to design their own budget (without infringement at the district level) in order to carry out the school improvement process in their school. Subject to the following restrictions, the law does not set any limitations on how the money can be spent. The principal may not override the recommendation of the SAC. Funds may not be used for capital improvement. Funds may not be used for any project or program that has a duration of more than one year. However, a program or project formerly funded may receive funds in a subsequent year. The SAC is responsible for determining how funds will be appropriated. The SAC must vote on each item in the budget.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

Describe the use of SAC funds.

Name and Number of Strategy from the School Improvement Plan Description of Resources that improves student achievement or student engagement Projected Amount Final Amount
All Reading and Math Goals Remediation of concepts and skills that are taught in class through tutoring and mentoring of students

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Faucett, Colleen	Principal
DuBose, Erin	Guidance Counselor
Fox, Tim	Teacher, K-12
Frost, Stephanie	Assistant Principal
Mitchell, Julie	Teacher, K-12
Nadicksbernd, Andrea	Teacher, K-12
Slaughter, Thomas	Teacher, K-12
Thompson, Jenifer	Instructional Coach
Sanchez, Michelle	Teacher, K-12
Werb, Heather	Teacher, K-12
Glicksteen, Sarah	Guidance Counselor
Ferrebee, Richard	Teacher, K-12
Moore, Malcolm	Teacher, K-12
Fantauzzo, Keith	Assistant Principal
Knight, Dreeneen	Assistant Principal
	Teacher, K-12

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable

SAC submits a budget within the SIP to support strategy implementation and/or professional development.

In the event that the state does not allocate SAC funds to schools, the district may elect to allocate district dollars to schools to support SIP goals. If and when they become available, schools will be notified of the allocation by the Business Division. An initial allocation of 90% is based on the average un-weighted FTE from the prior year. The second allocation is based on the current year's average un-weighted FTE minus the amount initially allocated. The second allocation usually falls in the month of March. Schools are notified by the Business Division when the first and second allocations have been completed.

The law encourages each local SAC to design their own budget (without infringement at the district level) in order to carry out the school improvement process in their school. Subject to the following restrictions, the law does not set any limitations on how the money can be spent. The principal may not override the recommendation of the SAC. Funds may not be used for capital improvement. Funds may not be used for any project or program that has a duration of more than one year. However, a program or project formerly funded may receive funds in a subsequent year. The SAC is responsible for determining how funds will be appropriated. The SAC must vote on each item in the budget.

D. Public and Collaborative Teaching

The school's responses to this section may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(7)(A)(iii)(IV).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Schools Build a Collaborative Culture Through Regularly Scheduled PLC Meetings

Core Beliefs:

- No school can help all students achieve at high levels if teachers work in isolation.
- Schools improve when teachers are given the time and support to work together to clarify essential student learning, develop common assessments for learning, analyze evidence of student learning, and use that evidence to learn from one another.
- PLCs measure their effectiveness on the basis of results rather than intentions.
- All programs, policies, and practices are continually assessed on the basis of their impact on student learning.
- All staff members receive relevant and timely information on their effectiveness in achieving intended results.
- PLC meetings will be regularly scheduled.

Essential Characteristics of a PLC

- Shared mission, vision, values, goals
- Educators in a PLC benefit from clarity regarding their shared purpose, a common understanding of the school they are trying to create, collective communities to help move the school in the desired direction, and specific, measurable, attainable, results-oriented, and time-bound (SMART) goals to mark their progress.
- Collaborative teams focused on learning
- In a PLC, educators work together interdependently in collaborative teams to achieve common goals for which they are mutually accountable. The structure of the school is aligned to ensure teams are provided the time and support essential to adult learning.
- Collective inquiry
- Teams in a PLC relentlessly question the status quo, seek new methods of teaching and learning, test the methods, and then reflect on the results. Building shared knowledge of both current reality and best practice is an essential part of each team's decision-making process.
- Action orientation and experimentation
- Members of a PLC constantly turn their learning and insights into action. They recognize the

importance of engagement and experience in learning and in testing new ideas. They learn by doing.

- Commitment to Continuous improvement
- Not content with the status quo, members of a PLC constantly seek better ways to achieve mutual goals and accomplish their fundamental purpose of learning for all. All teams engage in an ongoing cycle of:
 - Gathering evidence of current levels of student learning
 - Developing strategies and ideas to build on strengths and address weaknesses in that learning
 - Implementing the strategies and ideas
 - Analyzing the impact of the changes to discover what was effective and what was not
 - Applying the new knowledge in the next cycle of continuous improvement
 - Results orientation
- Educators in a PLC assess their efforts on the

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

Teacher Interview Day and Recruitment Fairs occur in June under the oversight of Human Resources. All applicants must be pre-approved by the District to attend these events. SDHC is implementing the Empowering Effective Teachers (EET) initiative, which awards salary increases to all teachers based on sustained performance and progress up the career ladder. Performance levels are tied to a 3-year average of value added measures. The teacher evaluation is based on that value added, along with peer/mentor evaluation data and principal/administration evaluation data. PLCs and the District's Mentoring program for new teachers are essential for teacher retention.

With the implementation of the new Applitrak program, it allows us to advertise the available positions at our school and recruit new applicants. The program provides us the opportunity to review qualified candidates for our open positions by looking at their resume, ratings, references and experiences.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

District based mentors are provided to teachers new to teaching through the EET initiative. Weekly visits by mentors can include planning, modeling, data analysis, coaching, conference, and problem solving. Mentors work individually with new teachers, developing unique plans to support professional growth. The district-based mentor has strengths in the areas of leadership, mentoring, and increasing student achievement.

At Wilson, we host a Back to School Orientation for new teachers that explains the procedures of our school and introduces them to key leadership people on our staff. We also have a mentoring program where all new teachers to Wilson meet once a month with our Teacher Talent Developer to talk about questions and concerns they might have and the events we have going on at our school.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

Hillsborough County Public Schools use state-adopted standards as the foundation for content area instruction. Florida adopted Common Core State Standards in mathematics, language arts, and literacy in history/social studies, science, and technical subjects in July 2010, which were fully

implemented in 2013-14. The Common Core (CC) standards may be accessed at: http://www.cpalms.org/Standards/Common_Core_Standards.aspx. These standards describe the level of student achievement for which the state will hold schools accountable for students' learning. The domains, strands, standards, and benchmarks which comprise the Florida Standards are authorized by Section 1003.41, F.S., and are adopted by the State Board of Education (SBE). Rule 6A-1.09401, FAC, requires public schools to provide appropriate instruction to assist students in the achievement of these standards. Section 1008.25, F.S., requires each district school board to incorporate the Florida Standards into the district student progression plan.

The benchmarks are in the subject areas of mathematics beyond college and career ready (calculus, discrete mathematics, and financial literacy), science, social studies, the arts (dance, music, theatre, and visual arts), health education, physical education, world languages, gifted education and special education skills.

HCPS has, as required by state statute, adopted a comprehensive plan for student progression, which includes standards for evaluating each student's performance, including mastery of the Florida Standards. The plan also provides specific levels of performance in reading, writing, science, and mathematics at each grade level that includes the levels of performance on statewide assessments (as established by the Commissioner) at which a student must receive remediation or be retained. The HCPS pupil progression plan can be viewed at: <http://www.sdhc.k12.fl.us/instruction/StudentProgressionPlan/index.asp>.

Pursuant to State law, HCPS Board policies require purchasing current instructional materials so that each student has a textbook or other instructional materials as a major tool of instruction in core courses of the appropriate subject areas of mathematics, language arts, science, social studies, reading, and literature for grades K-12. The primary objective of such instructional materials shall be to enrich, support, and implement the educational program of the school. These purchases shall be for instructional materials included on the State-adopted list, except as otherwise provided in State law, and shall be made within the first two years of the adoption cycle. The primary objective of such instructional materials shall be to enrich, support, and implement the educational program of the school.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

HCPS utilizes Problem-Solving and Response to Instruction/Intervention/Multi-tiered Systems of Support Framework as defined by Florida.

PS-RtI/MTSS is the practice of providing high-quality instruction and intervention matched to student needs using learning rate over time and level of performance to make important instructional decisions. PS-RtI/MTSS involves the systematic use of assessment data to most efficiently allocate resources in order to improve learning for all students. To ensure efficient use of resources, schools begin with the identification of trends and patterns using school-wide and grade-level data. Students who need instructional intervention beyond what is provided universally for positive behavior or academic content areas are provided with targeted, supplemental interventions delivered individually or in small groups at increasing levels of intensity.

The RtI/MTSS framework is characterized by a continuum of academic and behavior supports reflecting the need for students to have fluid access to instruction of varying intensity levels. Three tiers describe the level and intensity of the instruction/interventions provided across the continuum. The three tiers are not, conversely, used to describe categories of students or specific instructional

programs. The three tiers are characterized as follows:

Tier 1: Core Universal Instruction and Supports – General academic and behavior instruction and support designed and differentiated for all students in all settings

Tier 2: Targeted Supplemental Interventions and Supports – More focused, targeted instruction/ intervention and supplemental support in addition to and aligned with the core academic and behavior curriculum and instruction

Tier 3: Intensive Individualized Interventions and Supports – The most intense (increased time, narrowed focus, reduced group size) instruction and intervention based upon individual student need provided in addition to and aligned with core and supplemental academic and behavior, curriculum, instruction, and supports

The problem-solving process is critical to making the instructional adjustments needed for continual improvement in both student level of performance and rate of progress and is critical for assessing (through students' response) the effectiveness of the instruction/interventions provided. Throughout the continuum of instruction and intervention, problem solving is used to match instructional resources to educational need. Teams continue to engage in problem solving to ensure that student success is achieved and maintained. The four critical parts of the on-going problem-solving cycle as a consistent way of work for teams are as follows:

I. Define the problem by determining the difference between what is expected and what is occurring. Ask, "What specifically do we want students to know and be able to do when compared to what they do know and are able to do?" When engaged in problem solving at the individual student level, the team should strive for accuracy by asking, "What exactly is the problem?"

II. Analyze the problem using data to determine why the issue is occurring. Generate hypotheses (reasons why students are not meeting performance goals) founded in evidence-based content area knowledge, alterable variables, and instructionally relevant domains. Gather assessment data to determine valid/non-valid hypotheses. Link validated hypotheses to instruction/intervention so that hypotheses will lead to evidence-based instructional decisions. Ask, "Why is/are the desired goal(s) not occurring? What are the barriers to the student(s) doing and knowing what is expected?" Design or select instruction to directly address those barriers.

III. Develop and implement a plan driven by the results of the team's problem analysis by establishing a performance goal for the group of students or the individual student and developing an intervention plan to achieve the goal. Then delineate how the student's or group of students' progress will be monitored and implementation integrity will be supported. Ask, "What are we going to do?"

IV. Measure response to instruction/interventions by using data gathered from progress monitoring at agreed upon intervals to evaluate the effectiveness of the intervention plan based on the student's or group of students' response to the intervention. Progress-monitoring data should directly reflect the targeted skill(s). Ask, "Is it working? If not, how will the instruction/intervention plan be adjusted to better support the student's or group of students' progress?" Team discussion centers on how to maintain or better enable learning for the student(s).

HCPS offers a variety of programs designed to meet the diverse needs of students. In Elementary School these supplemental and enrichment programs include additional time in small teacher-guided groups, computer aided interventions (i.e. iStation, FASTT Math, Dimension U), Extended Learning Time, extended year programs, tutorial support, Math Bowl, Economics Bowl, Tivitz, Fine Arts Festival, Speech Contest, myOn Reader, Battle of the Books, Science Olympics, Magnet Programs, Hillsborough Robots Challenge, and Geography Bee. In Middle and High Schools, these

supplemental and enrichment programs include SpringBoard reading support, computer aided interventions (myOn reader, Dimension U), Tutorial support, Robotics, Science Olympiad, AVID, Advanced Placement, IB, Dual Enrollment, Grade Enhancement Courses, Career Pathways, Program Completers, Industry Certifications, Magnet Programs, credit recovery, and extended year programs.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: After School Program

Minutes added to school year: 1,920

Before and after school tutorials and grade enhancement are seminars/classes held to enhance student learning in a particular discipline. Tutorials are by invitation and taught throughout the year. They have multiple focuses, differentiated to meet the needs of each student.

Strategy Rationale

Tutorials provide targeted academic instruction, reinforcement and/or support for students who show a need.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Knight, Dreeneen, dreeneen.knight@sdhc.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

The successful completion of the tutorial and progress reports are used to assess.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(7)(A)(iii)(V).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

In Hillsborough County Public schools, all kindergarten children are assessed for Kindergarten Readiness using the FLKRS (Florida Kindergarten Readiness Screener.) This state-selected assessment contains a subset of the Early Childhood Observation System and the first two measures of the Florida Assessments in Reading (FAIR). The instruments used in the screening are based upon the Florida Voluntary Prekindergarten (VPK) Education Standards. Parents are provided with a letter from the Commissioner of Education, explaining the assessments. Teachers will meet with parents after the assessments have been completed to review student performance. Data from the FAIR will be used to assist teachers in creating homogeneous groupings for small group reading instruction. Children entering Kindergarten may have benefited from the Hillsborough County Public Schools' Voluntary Prekindergarten Program. This program is offered at elementary schools in the summer and during the school year in selected Head Start classrooms and as a blended program in several Early Exceptional Learning Program (EELP) classrooms. Starting in the 2012-2013 school year, students in the VPK program were given the state-created VPK Assessment that looks at Print

Knowledge, Phonological Awareness, Mathematics and Oral Language/Vocabulary. This assessment continues to be administered at the start and end of the VPK program. A copy of these assessments are mailed to the school in which the child is registered for kindergarten, enabling the child's teacher to have a better understanding of the child's abilities from the first day of school. Parent Involvement events for Transitioning Children into Kindergarten include Kindergarten Round-Up. This event provides parents with an opportunity to meet the teachers and hear about the academic program. Parents are encouraged to complete the school registration procedure at this time to ensure that the child is able to start school on time.

SEE: HCPS Pupil Progression Plan

Students are programmed & scheduled appropriately through clear communication with feeder schools, utilizing district scheduling guidelines, At-Risk lists, and early warning systems based on a student's need for support.

School based Spring and Summer orientation programs include: elective fairs, school visits, open houses, parent and student information meetings, magnet information sessions and district Career and College Nights.

High Schools hold ongoing articulations between and amongst feeder schools to best assist with the transition into 9th grade, through vertical planning sessions with feeder school departments, ESE, ELL, AVID, and magnet articulation amongst schools.

Hillsborough County Public Schools offers numerous summer camp offerings, including AVID/GAP camps, IB camps, Transition, band and athletic camps.

In addition to the county programs, Wilson Middle School also provides time to Vertical Team between the 6th grade and 5th grade teachers. During these meetings, the teachers plan and collaborate for the incoming students to middle school so they can better prepare for the incoming students.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

Annually the school will hold elective fairs with present and incoming students. Based on interest, we will establish Course Selection Sheets and courses offerings to best meet their needs. The Guidance Department, ESE Specialist, AVID Coordinator, Department Heads, teachers and APCs will then articulate with feeder schools and assist students in signing up for courses and programs based on their Automatic Course Requests and their individual interests. School Counselors will visit classes to review the curriculum guide and course descriptions. They will distribute Course Selection Sheets and provide information about selecting courses for the following school year. These Course Selection Sheets are then sent home for parent review and signature.

On an annual basis, the school will review new course offerings at the state and district level to continue to offer rigorous and relevant coursework and to meet the State Standards.

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

Courses and coursework are established in Professional Learning Communities, Advanced Placement, IB, Dual Enrollment, Career Themed Courses, Career Pathways, Program Completers, the Magnet Programs and AVID classes to help students see the relationships both cross-curricular

and within subjects to establish relevance to a student's future. Many of these programs help guide and establish a student for postsecondary readiness (Industry Certifications, college credit, job skills, etc).

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

Courses and coursework are established in Professional Learning Communities, Advanced Placement, IB, Dual Enrollment, Career Themed Courses, Career Pathways, Program Completers, the Magnet Programs and AVID classes to help students see the relationships both cross-curricular and within subjects to establish relevance to a student's future. Many of these programs help guide and establish a student for postsecondary readiness (Industry Certifications, college credit, job skills, etc).

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

District-Level

The Career and Technical Education (CTE) Department provides our counselors with the Programs of Study to help guide students with their educational pathway. The Program of Study maps out the courses and timeline for students to be program completers and successfully transition to postsecondary institutions.

Our district provides a variety of opportunities for students to learn about career pathways at postsecondary institutions through programs such as:

- Amazing Race - Provides 12th grade students an opportunity to gather enrollment requirements, scholarship opportunities and program offerings for incoming college freshmen
- Hi-TEC Trek - Provides 11th graders with an opportunity to explore Hillsborough County's postsecondary technical centers career and program opportunities.
- Wings of Imagination – Provides rising 10th grade girls with the opportunity to explore AS degree programs offered through Hillsborough Community College.
- College and Career Connections – Provides Career and Technical Education teachers, middle and high school counselors the opportunity to visit the four Hillsborough HiTEC centers and five HCC Campuses.

Additionally, the Hillsborough County Career Pathways Consortium coordinates articulation agreements to provide Career and Technical Education Program Completers with free credit at postsecondary institutions across the state of Florida.

School-Level

Students may participate in the following:

- Using SAI funds, Saturday SAT and ACT prep classes are offered. Information regarding SAT and ACT prep classes and testing dates will be provided to students and parents.
- All juniors will participate in the SAT School-Day. Utilizing test preparation and SAT online to prepare prior to the free SAT opportunities. Other additional free SAT opportunities are available to juniors to take the SAT.
- College Visits - Various college representatives visit school sites to share information about their specific colleges or universities with students.
- ASVAB - Students interested in possibly enlisting in the military are given an opportunity to take this aptitude test.
- Hi-TEC Centers Field Trip - Students will be given the opportunity to visit multiple centers and learn more about the programs offered at these technical schools.
- USF Senior Access Day - Disadvantaged and underrepresented students are invited to visit USF and learn about careers in various health professions.
- Ready to Work - Students in 12th grade have the opportunity to complete three assessments in the

areas of math, reading and interpreting data on the computer in the Success Center. After completing the assessments students are sent a certificate that indicates their scores and the correlating skills. The students then show this certificate to an employer when applying for a job, which makes them more marketable.

- Senior Night - All seniors and their parents are encouraged to attend senior night, where they receive the senior handbook and counselors share valuable information about the senior year. This includes postsecondary information, a timeline of what seniors should be doing during the course of the year, SAT/ACT test dates, etc.
- Junior Night - Juniors and their parents are presented with important information about postsecondary planning, a timeline of what they should be doing during the course of the year, SAT/ACT test dates, etc.
- Through the AVID program, students are engaged in on-going college readiness activities.
- College Night – The district offers four college nights throughout the county for students to speak directly with over 100 college and university representatives.
- All targeted juniors take the PERT. Based on the results, students are placed in college readiness coursework to prepare for college entrance and college level coursework.
- Financial Aid Night- The district offers eight financial aid nights for students and parents to understand the financial aid process, Bright Futures and state/local scholarship process.
- Pasos al Futuro- The district offers several Pasos al Futuro events throughout the school year for English Language Learners and Spanish speaking families by facilitating a comprehensive presentation that intends to demystify the college planning, admission and financial aid process for students and their families.
- Guidmii- is a web-based academic planning tool available for middle and high school students. The Guidmii platform enables secondary students and parents to develop a roadmap to college and career readiness. Students and parents can view the student's academic options, track high school graduation requirements, obtain information regarding Bright Futures, scholarships, and college admissions information.

II. Needs Assessment

The school's completion of this part may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(6).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why"? or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal

B =
Barrier

S = Strategy

1 = Problem Solving Step  S123456 = Quick Key

Strategic Goals Summary

G1. All students will make growth this year.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

G1. All students will make growth this year. 1a

G095967

Targets Supported 1b

Indicator	Annual Target
ELA/Reading Gains	68.0
ELA/Reading Lowest 25% Gains	50.0
Math Gains	77.0
Math Lowest 25% Gains	69.0
District Parent Survey	71.0

Targeted Barriers to Achieving the Goal 3

- Knowledge of which students did not make growth the previous year.
- How to inform parents of support that is available.
- Explicit knowledge of standards to differentiate instruction.
- How to create a college readiness culture that provides mentors to students to encourage success.

Resources Available to Help Reduce or Eliminate the Barriers 2

•

Plan to Monitor Progress Toward G1. 8

By monitoring the growth of the students, we will ensure they are on their way to making growth on the Florida Standards Assessment (FSA).

Person Responsible

Colleen Faucett

Schedule

Monthly, from 9/1/2017 to 5/18/2018

Evidence of Completion

Scores on baseline assessments, mid term assessments and final exams will help us monitor the progress toward meeting the goal.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

Problem Solving Key

G = Goal **B** =
Barrier **S** = Strategy

1 = Problem Solving Step  S123456 = Quick Key

G1. All students will make growth this year. **1**

 G095967

G1.B1 Knowledge of which students did not make growth the previous year. **2**

 B258371

G1.B1.S1 During faculty meetings, administration will go through test data with teachers to allow them to identify which students did not make growth. Teachers will be instructed to use this data to help them form their IPDP. **4**

 S273505

Strategy Rationale

Allowing staff the time to identify the students who did not make growth will help them determine which students to target this year for extra support to ensure growth.

Action Step 1 **5**

Teachers will go through the test data for their students to determine which students did not make growth. Teachers were offered support from the Teacher Talent Developer to analyze data.

Person Responsible

Colleen Faucett

Schedule

On 5/18/2018

Evidence of Completion

Mrs. Faucett will review the Individualized Professional Development Plan with each faculty member to ensure they have determined who their targeted students are to make growth.

Plan to Monitor Fidelity of Implementation of G1.B1.S1 6

Teachers will meet with their subject area leaders (SAL's) to review test data and growth of the students throughout the year.

Person Responsible

Dreeneen Knight

Schedule

Monthly, from 9/1/2017 to 5/18/2018

Evidence of Completion

SAL's will use formative assessments to track the growth of the students.

Plan to Monitor Effectiveness of Implementation of G1.B1.S1 7

By monitoring the growth of the students, we will ensure they are on their way to making growth on the Florida Standards Assessment (FSA).

Person Responsible

Colleen Faucett

Schedule

Weekly, from 9/1/2017 to 5/18/2018

Evidence of Completion

Department meetings, and team meetings with guidance input.

G1.B2 How to inform parents of support that is available. 2

B258372

G1.B2.S1 On the SCIP survey, it was determined that parents are unsure of the extra support to help their child be successful in school. 4

S273506

Strategy Rationale

By informing the parents of the extra support available, we will be working together at home and school to ensure all students are successful.

Action Step 1 5

Parents will be informed of extra support available to their students.

Person Responsible

Colleen Faucett

Schedule

Monthly, from 9/1/2017 to 5/18/2018

Evidence of Completion

Information will be provided to the parents in the monthly edition of the "Bulldog Bark" about the extra support available to their child.

Plan to Monitor Fidelity of Implementation of G1.B2.S1 6

Each month, new tips and ideas will be suggested to parents in the school newsletter.

Person Responsible

Colleen Faucett

Schedule

Monthly, from 9/1/2017 to 5/18/2018

Evidence of Completion

Suggestions will include after school programs available, crisis support agencies, tutoring options and social support.

Plan to Monitor Effectiveness of Implementation of G1.B2.S1 7

Parents will complete the SCIP survey in the Spring of 2018.

Person Responsible

Colleen Faucett

Schedule

Evidence of Completion

Parents will complete the SCIP survey in the Spring of 2017 which asks them if they have been informed by the school about the options available to their student for extra support.

G1.B3 Explicit knowledge of standards to differentiate instruction. 2

 B258373

G1.B3.S1 Teachers need to differentiate instruction to be able to reach all levels of learners. 4

 S273507

Strategy Rationale

With the onset of heterogeneous grouping this year at Wilson, teachers need to implement new strategies that incorporates all types of learners and all levels of learners. To do this, they need to be aware of the end goal in order to differentiate throughout the unit.

Action Step 1 5

Content team partners will meet periodically to plan their units and how they will differentiate standards based instruction in their classes to meet all needs of their students. In addition, during the biweekly team meetings, teachers will discuss which strategies are effective for their students.

Person Responsible

Dreeneen Knight

Schedule

Biweekly, from 9/1/2017 to 5/18/2018

Evidence of Completion

Scores for the unit assessment to be shared with the corresponding Subject Area Leaders.

Plan to Monitor Fidelity of Implementation of G1.B3.S1 6

Monthly subject area meetings where teachers will discuss what they have been working on and how they are meeting the needs of their students and biweekly team meetings where team teachers discuss what is working for their students.

Person Responsible

Dreeneen Knight

Schedule

Monthly, from 9/1/2017 to 5/18/2018

Evidence of Completion

Scores students received on end of unit assessment

Plan to Monitor Effectiveness of Implementation of G1.B3.S1 7

If students were not successful on the previous end of unit assessment, teachers will evaluate what needs to be remediated and what needs to be changed for the upcoming unit.

Person Responsible

Dreeneen Knight

Schedule

Monthly, from 9/1/2017 to 5/18/2018

Evidence of Completion

If teachers are differentiated instruction based on the needs of their students, the scores for the students who previously did poorly should be improved for the new unit.

G1.B6 How to create a college readiness culture that provides mentors to students to encourage success.

2

B258376

G1.B6.S1 Wilson staff and teachers will identify students in need of a mentor during their middle school years for academic or behavior concerns. 4

S273508

Strategy Rationale

Through weekly meetings the mentors can work with student needs and help them make short term goals to be successful in school. These mentors will report back to administration about the progress being made with students on a weekly basis.

Action Step 1 5

Mentors and mentees will be paired together to determine the appropriate meeting time and create goals.

Person Responsible

Keith Fantauzzo

Schedule

Weekly, from 9/1/2017 to 5/18/2018

Evidence of Completion

Spreadsheet showing students in need and names of mentors and mentoring times assigned.

Plan to Monitor Fidelity of Implementation of G1.B6.S1 6

Weekly administrative team meetings with the Principal showing all referred student and requested students. These students (mentees) are assigned to the Student Success Coach, the school psychologist, the school social worker, and/or the Drug and Alcohol Counseling Organization via the school guidance counselors.

Person Responsible

Erin DuBose

Schedule

Weekly, from 9/1/2017 to 5/18/2018

Evidence of Completion

Spreadsheet showing students in need and names of mentors and mentoring times assigned.

Plan to Monitor Effectiveness of Implementation of G1.B6.S1 7

By monitoring the requests and referrals for mentors compared against the EWS, we will ensure that all needs are met.

Person Responsible

Dreeneen Knight

Schedule

Weekly, from 9/1/2017 to 5/18/2018

Evidence of Completion

There will be less indicators on the EWS for the students.

G1.B6.S2 Wilson staff will incorporate AVID strategies into their classroom instruction. 4

 S273509

Strategy Rationale

To improve test scores, teachers will use college level strategies modeled in AVID (such as Cornell Notes, organization, etc.) in increase comprehension and retention in material.

Action Step 1 5

Wilson staff will incorporate AVID strategies into their classroom instruction.

Person Responsible

Jenifer Thompson

Schedule

Monthly, from 9/1/2017 to 5/18/2018

Evidence of Completion

Each month, grade levels will discuss the strategies they've used in their classes and report back to the AVID committee.

Plan to Monitor Fidelity of Implementation of G1.B6.S2 6

Grade level leaders will add AVID strategies to their monthly meetings.

Person Responsible

Colleen Faucett

Schedule

Monthly, from 9/1/2017 to 5/18/2018

Evidence of Completion

Minutes from grade level meetings.

Plan to Monitor Effectiveness of Implementation of G1.B6.S2 7

The AVID coordinator will keep track of the strategies used and share new information/strategies with teachers.

Person Responsible

Jenifer Thompson

Schedule

Monthly, from 9/1/2017 to 5/18/2018

Evidence of Completion

The AVID coordinator will keep track of the minutes from the three grade levels to review the strategies used and to identify if new strategies need to be incorporated.

V. Professional Development Opportunities

Professional development opportunities identified in the SIP as action steps to achieve the school's goals.

G1. All students will make growth this year.

G1.B1 Knowledge of which students did not make growth the previous year.

G1.B1.S1 During faculty meetings, administration will go through test data with teachers to allow them to identify which students did not make growth. Teachers will be instructed to use this data to help them form their IPDP.

PD Opportunity 1

Teachers will go through the test data for their students to determine which students did not make growth. Teachers were offered support from the Teacher Talent Developer to analyze data.

Facilitator

Andi Nadicksbernd and Heather Werb

Participants

Instructional Staff

Schedule

On 5/18/2018

G1.B3 Explicit knowledge of standards to differentiate instruction.

G1.B3.S1 Teachers need to differentiate instruction to be able to reach all levels of learners.

PD Opportunity 1

Content team partners will meet periodically to plan their units and how they will differentiate standards based instruction in their classes to meet all needs of their students. In addition, during the biweekly team meetings, teachers will discuss which strategies are effective for their students.
