

# School Improvement Plan Highlights

School	Mission	Vision	Goal(s)		
<p style="text-align: center;"><b>McDonald Elementary School</b></p>	<p>To provide all stakeholders with the tools necessary for success.</p>	<p>Inspiring success for ALL, every day!</p>	<p>In order to monitor student mastery of the Florida Standards, teachers need to engage in standards-based planning to make sure learning targets are aligned to the standards.</p>	<p>Create a structure for standards-based planning sessions, utilizing resource teachers and coaches (common planning time, clear expectations, definition of roles, and protocols). PLC's will work together to develop these detailed plans throughout the year, supported by content area coaches, and additional planning time.</p>	<p>Student engagement and differentiated instruction will also be addressed to be included in lesson plans. Teachers will be able to reflect on student work and make adjustments to instruction. Provide additional PD to support to strengthen the unpacking of standards in planning.</p>
