

WEIGHT ROOM FLOORING

DOCUMENT NUMBER: 09700

APPLICATION: MIDDLE AND HIGH SCHOOL

DATE OF ISSUE: 11-13-92

NOTES:

Provide interlocking rubber flooring for weight rooms, meeting the following requirements:

Flooring to be equal to Kraiburg, 4' x 6' or 4' x 5' mats.

Flooring to be compressed rubber with a pebbled, non skid surface.

Flooring to have a fluted or waffled bottom to prevent the floor from creeping.

Flooring to be 3/4" thick and be provided with cushioned non-slip transition strips at all doors.

The local supplier of Kraiburg flooring is: Strength Equipment Advisors, 813-823-4143, Mr. Darryl Purchase, Representative.
