M- Magnet School: Public elementary, middle, and high schools whose curricula are theme-based and technology-rich. Magnet school teachers are specifically trained not only in theme integration but also in innovative and rigorous academic instructional methods. Magnet schools offer students opportunities to discover, explore, and refine their talents and interests while focusing on excellence in academics. To learn more about magnet programs, contact the Choice Information Line at 813.272.4692.

SC- School Choice: Provides parents and guardians with children entering grades K-11 the opportunity to choose non-magnet elementary, middle, and high schools with available space. School Choice offers STEM middle and high school attractor programs. These programs have eligibility requirements. To learn more about choice attractor programs, contact the Choice Information Line at 813.272.4692.

AA – Attendance Area School: a school assignment based on the student's home address. STEM program schools have teachers specially trained not only in cross-curricular STEM integration but also in innovative and rigorous academic instructional methods.
