## Revised Final Ranking

The Selection Committee hereby announces a revised final ranking of the applicants recently interviewed for the Design Professional services indicated above. This final ranking adjustment is made due to an electronic scoring tabulation error. District Staff will commence negotiations with the highest ranked firm for the project.

ASR Engineering, Inc.		9	
Lyle Engineering Group, Inc.	Cypress Creek ES	14	5
OSSI Consulting Engineers, Inc.	Morgan Woods ES	18	4

To determine the final scores and ranking, each Selection Committee member independently ranked the interviewed firms based on the member's assessment of each firm's relative level of qualifications for the project. Firms received six points for each selection as the highest ranked firm by a Committee member, five points for each second place ranking, and four points for each third place ranking, and so on. An aggregate score equal to the sum of all points received as a result of the rankings of all Committee members was used to determine the final ranking.
